ECCO EQUIPMENT CORPORATION

December 2012 | Volume 7, Issue 4

ECCO Begins First Full Year in Williston

After almost a year of planning, the Williston office opened for business in May 2012. The building is 10,000 sq. ft. under roof, divided 60/40 between ECCO and our tenant, S2M. Our side has a 40' x 25' indoor wash rack and two 80' x 25' service bays with a 25 ton crane. The office has a reception area, two offices, and a break room. Over the offices is a three bedroom apartment. Manager Nelson Russell has done a great job of starting up the branch and adapting to the business environment and cold weather. Like many branches, immediacy is the word of the day, every day. We seldom get more than a few hours' notice on rental equipment needs. Equipment is needed for everything from home building to pipelines to snow removal, but we expect some degree of slowdown during the winter months. Our service department is staffed with veteran field mechanic Terry Wesley and a near-continuous rotation of mechanics from Phoenix who are taking turns beating the Arizona heat. This combination of staffing ensures we can provide our customers with renowned ECCO service. Thank you to all the great people throughout the company who have assisted Nelson in some way. As we begin the first full year of operation October 1, we are optimistic that the contractors in North Dakota (many of them transplants from other states) will recognize the value of renting from ECCO.

Yikes! There's a Wolf in Our Yard!!! Ft. McMurray, Alberta Canada

Welcome

Welcome **Michael Schneider**! Michael is our new Field Service Mechanic in Utah. He has been in the equipment field service industry since 1995; having worked in a copper mine and also for Cummins and Komatsu. He is married with 3 children and when he's not working, he enjoys spending time with his family and his radio controlled planes and helicopters. Really Cool!

Rob Bryant is our Utah Territory Representative. Rob has actively been involved in the heavy equipment industry since 1980. He's worked for the Volvo/ Hitachi, John Deere and Caterpillar Dealerships in the Utah area. Married with 2 daughters and 5 grandchildren; in his spare time Rob enjoys an occasional round of golf and spending as much time as possible with his grandkids. We are happy to have Rob as a new Team Member!

Everyone say hello to **Brad McManis**! Brad joined our ECCO Service Team in April of 2012 as a Field Service Mechanic. Brad brings 15 years of heavy equipment repairs with 10 years additional mechanical experience. He has supported ECCO in North Dakota with the rotation of mechanics to help our new operation. Brad is the father of 3 boys; ages 22, 23 & 26 and is getting married this upcoming February! His hobbies include building and fabrication of Rock Crawlers.

ECCO and Friends Pitch In to Clean Up the Lake at Lost Valley

In October and November, three retired and former ECCO employees donated their time over several weekends to operate equipment at Schoepe Scout Reservation at Lost Valley near Anza Borrego State Park (California). The project involved the removal of sand and vegetation that had accumulated in the lake over many years. **Chuck Williams** did most of the work, with help from **Ray Stubbs** and **Mark Hefley**. They used an excavator donated by **La Londe**, and two dozers donated by ECCO. Part of what made the job extra challenging was the 10 mile dirt road to camp. **Marco Trucking** donated all of the transport and did an excellent job navigating the windy road to the Valley.

Cleaning the shoreline of the lake

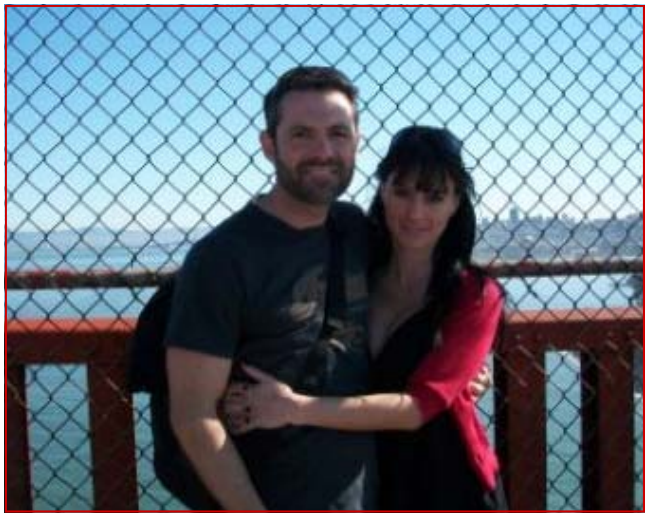
The Boy Scouts are delighted by the work done. The deeper and cleaner lake (once the winter rains come) will make for a more enjoyable experience this summer for canoeing, rowing, and kayaking! ECCO is proud to be part of an industry where so many folks will join together for the good of the community.

Chuck Williams, ECCO Retiree

One of the real joys of the Holiday Season is having the opportunity to say Thank You. Your loyalty and good will throughout this year is truly appreciated. As it comes to a close, we gratefully pause to say that we hope you have a wonderful Holiday Season; Wishing you and your loved ones peace, health, happiness and prosperity in the coming New Year.

Now and then it's good to pause in our pursuit of happiness and just be happy."-Guillaume Apollinaire

ECCO Announcement



Congratulations to our Utah Branch Manager Pete Silcox on his October 6th Marriage to his lovely wife Tara!

Safety Dave's Corner

It may be a rare occurrence, but in the U.S., more than 12,000 people are treated in the nation's emergency rooms each year due to falls, cuts, electrical shocks and burns from faulty holiday decorations or accidents that occur while putting decorations up.

"The holiday season is a hectic time for all of us, filled with activities and errands, and many people pay less attention to safety and end up in the emergency department," said Dr. Keaton, preside of the American College of Emergency Physicians. "The nation's emergency physicians urge people to take a little extra time and care ad they go about enjoying the holidays."

Safety is not just a work thing...it's a living thing!! During the holidays season with all the stress, tight schedules, crowds, extra work etc., take extra caution and STOP...Take 5 minutes for safety and think about the activities you'll be doing. Happy Holidays~!

ECCO Recipe — *Pumpkin Roll*

foodnetwork.com

Prep time: 2 Hours, 10 Minutes | Cook time: 25 Minutes | Yields : Serves 12

Ingredients:

Cake: 3/4 cup cake flour, 1 1/2 teaspoons ground cinnamon, 1 1/4 teaspoons ground ginger, 3/4 teaspoon ground allspice, 6 large eggs, separated, 1/3 cup granulated sugar, 1/3 cup golden brown sugar, packed, 2/3 cup canned pumpkin, packed, 1/8 teaspoon salt, Powdered sugar

Filling: 1 teaspoon unflavored gelatin, 2 tablespoons dark rum, 1 cup whipping cream, chilled, 3 tablespoons powdered sugar, 6 tablespoons plus 1/2 cup English toffee pieces for garnish, Additional powdered sugar, for garnish, 1 1/2 cups purchased caramel sauce, warmed, for garnish

Method :

For the cake: Preheat the oven to 375 degrees F. Line a 15 by 10 by 1-inch baking sheet with parchment paper. Spray the parchment with nonstick cooking spray. Sift the flour, cinnamon, ginger, and allspice into a small bowl. In a separate bowl, beat the egg yolks, granulated sugar, and brown sugar until very thick. Add the pumpkin to the egg mixture and combine at a low speed until incorporated. Add the dry ingredients and beat at a low speed until mixed. In a separate bowl, beat the egg whites and salt until stiff but not dry. Fold into the cake batter, stirring with a spatula, until most of the white streaks are gone. Spread the batter onto a baking sheet and smooth out. Transfer baking sheet to the oven and bake until a tester comes out clean, about 15 to 18 minutes. While the cake is hot, dust generously with powdered sugar. Loosen the edges and turn the cake out onto a kitchen towel. Fold the towel over the edge of the cake and roll up. Cool completely, edge down, for 1 hour in the refrigerator.

For the filling: Soften the gelatin in the rum. Stir over low heat until the gelatin dissolves. Cool.

Beat the chilled whipping cream and powdered sugar in a large bowl until peaks form. Fold in the gelatin and 6 tablespoons English toffee pieces.

To assemble, unroll the cake and sprinkle with 4 tablespoons of English toffee pieces. Spread the filling over the toffee. Start at 1 long side of the cake roll and, using the towel as an aid, roll up the cake to encase the filling. Place the cake, seam side down, on a platter.

Trim the ends of the cake at a slight diagonal. Dust the cake with powdered sugar. Spoon some warm caramel sauce and the remaining toffee chips over the top of the cake. To serve, use a serrated knife to cut the cake crosswise into 1-inch thick slices. Drizzle more sauce on each slice and serve.

Enjoy!
